## AMERICA.

*Philadelphia, November 5.*

*Extract of a Letter from on board his Majesty's Ship Defiance, dated at Port Royal in Jamaica, Sept. 15. 1741.*

OUR Ship has been very successful, for we have had the Fortune to take three large Ships, and each Ship a valuable Prize; the three Ships and Cargo will amount to upwards of Fifty Pounds Sterling to each Foremast Man. We are now going to join the Admiral, at Cumberland (a Place he nam'd himself) on the Island of Cuba, and deliver him some Soldiers we have on board.

Monday last died of a lingering Illness, the Rev. Mr. Wm. Dylander, Pastor of the Swedish Church at Wicaco near Philadelphia. His Sincerity, Affability, and other good Qualities, make his Death lamented by many.

*London, Dec. 1.* Last Thursday Capt. Cary arriv'd at Rhode Island, in about six Weeks from London, in whom came Passengers his Excellency Benning Wentworth, Esq; Governor of the Province of New-Hampshire, and Thomas Hutchinson, Esq; of this Town, who came hither Yesterday by Land.

We have the following melancholy Account from the Leeward, viz. That a Snow from Londonderry in Ireland, one Rowen Master, bound to Newcastle in Pensilvania, with 200 Persons on board, having lost all her Masts, and been at Sea upwards of ten Weeks, was lately drove among the Islands in the Eastern Parts of this Province, and at last ran ashore upon Grand Menan, where they were utter Strangers, and in Want of all Necessaries; and tho' they sent out their Boats to look for Inhabitants, it was so long before they return'd, that many of the People perished for Want: However, at last some of their Boats return'd with a Sloop, in which many of the People got to George's Fort, and others of them to Annaquid, but in so miserable a Condition, that three or four died in a Day, notwithstanding the Care that was taken of them; and their Number was reduced to forty odd when our Informer came away, and several others so weak that 'twas thought they could not possibly recover. We had this Account from one of the Passengers, who with two others came to Town last Saturday in a Sloop from George's: And we hear further, that one of their Boats that went to make Discoveries, and seek for Inhabitants, had not been heard of when he came away, and 'twas greatly feared never would.

## LONDON, January 21

They write from Lisbon, that the Great Diamond which the King expected by the Brasil Fleet is come safe to Hand, and that it weighs above 17 Ounces; but that some Lapidaries to whom the King has shewn it say it wants a certain Degree of Hardness.

From Spain, that the young Princess has been christened by the Patriarch of the Indies with the Names of Elizabeth, Mary, Louisa-Antonietta, but is to be call'd the Infanta Isabella.

From Bavaria, 'that the Burghers do Duty at the Gates of the City of Munich, all the Regular Troops and Militia being gone to defend the Passage of the Inn and to relieve Lintz.

And from Petersburgh, that it has been signify'd to Count Osterman's elder Brother the Minister of Mecklenburgh, that the Air of that Climate will be pernicious to his Constitution, and that the Court gives him 3000 Rubles to bear his Charges to another.

*Extract of a private Letter from the Hague, Jan. 27.*

'In the Course, Sir, of my Knowledge of Affairs here 'People never seem'd so much confounded and at a Loss 'as within these few Years. Our Advices are all contradictory, and at the same time each is so positive, that 'it is a very difficult thing to form any Judgment of the 'Truth.

'Our Letters from Ratisbon of the 18th of January 'say, that Veldt Marshal Count Kevenhuller, after continuing three Days before the City of Lintz, found himself oblig'd to retire; and in order to support this, the same Letters observe, that Count Segur who commanded the Engineers had fortified that City with several Redoubts and a double Pallisade, that the Flower of the French Forces were there, and thirteen or fourteen general Officers. Notwithstanding this, there are private Letters from the very same Place, which say positively that Lintz is taken, and the Garison surrender'd themselves Prisoners at War; in support of which News they add, that all the Regular Troops and even all the Militia in Bavaria were in Motion, and that a general Consternation was visible throughout the whole Electorate, which they say could never have happen'd if Count Kevenhuller had been oblig'd to raise his Siege. To speak my own Sentiments plainly, I am inclin'd to think the Austrians have made themselves Masters of this City, and that the News is industriously conceal'd to prevent its disturbing the Election at Frankfort, which, while I write this, I am inform'd is over, but that the Apprehensions of the Austrians ravaging Bavaria are stronger than ever.

'Letters from Vienna dated Jan. 13. bring us an extraordinary Piece of News. Count Neuperg, who arriv'd in that City but the Day before, left it that Morning, being, as it is said, disgrac'd for his Conduct in Bohemia. The Charge upon him was this: That by his March thro' Moravia instead of entering Bohemia directly, that Kingdom was lost. It is known whither the Count is gone, but his Misfortune makes him greatly pitied here, where he is very much belov'd and esteem'd. It is said with very great Confidence at Court, that the King of Sardinia is in our Interest, and that his taking Possession of the Duchy of Milan is with the Consent of the Queen-our Sovereign. The British Minister is more assiduous than ever in his Conferences with Count Sintzendorf, and we daily expect to hear the Result of them.'

At Wednesday Noon the Election for the County of York stood,

Last Week William Edmonds was committed to Bridewell by the Justices at Portsmouth, for hawking Unstampt News-papers.

On Wednesday last his Majesty's Grant pass'd the Great Seal to Thomas Howard, Esq; commonly call'd Lord Howard, Son and Heir Apparent of Francis Earl of Effingham, and John Sisse, Esq; of the Office of Searcher of the Customs in the Port of London, in the room of Sir William Fowkes, Bart. deceased.

—— Butler, Esq; is elected Member of Parliament for East Grinstead in the room of the Earl of Middlesex, who is chosen Knight of the Shire for the County of Sussex, in the room of James Butler, Esq; deceased.

We are assur'd, that many Mistakes have been corrected, upon Examination by the *Real Register* of the Lottery belonging to the Commissioners, which is kept only at their Office in Privy-garden, Whitehall; and particularly that the following *Prizes*, viz. 50280, 10 l. 3999, 10 l. and 12479, 20 l. were declar'd *Blanks* at other Offices. As a great Number of Tickets purchas'd (during the Drawing) were *really Blanks* when sold, tho' warranted undrawn, the Proprietors of such Tickets may know *there* with absolute *Certainty* when they came up. And all Persons who bought Tickets in the following Manner, viz. the first drawn in two, or the first five in ten, &c. may have their Properties ascertain'd at the said Office by the *Tickets themselves* as drawn from the Wheel, with such Certainty as it is impossible to receive elsewhere.——

*To Persons of either Sex*
*Afflicted with any Species of the* PALSY, *or other* NERVOUS DECAYS.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employ'd his Thoughts much concerning them, to adapt a Medicine, *a Sovereign Elixir*, peculiar to, and effectual for, the Palsy, and all other nervous Complaints now reigning, which after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success, even so as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments, might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels, as is almost incredible to relate.

But the taking one Bottle of it only, demonstrates the prodigious Efficacy to every one, and the Patients soon find all Numbness, Deadness, and Shaking, or Resolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more; and that though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard Drinking, or any other Cause; for it performs all that can be wish'd for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attenuates the Blood and Juices, causes a free and regular Circulation 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralytick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.
